SHAREPOINT360 GROWS EXECUTIVE TEAM WITH NEW DIRECTOR OF IT INFRASTRUCTURE

Craig MacKinder Joins Leading Collaboration Hosting and Consulting Provider

SAN DIEGO – April 27, 2009 – [SharePoint360](#), the premiere provider of business productivity consulting and hosting solutions, welcomes Craig MacKinder as director of IT infrastructure, as the company continues to grow its leadership team. MacKinder, most recently, president and founder at [Total Tech Resource Corporation](#) and chief technology officer at [Interpret Communications Inc.](#), has more than 15 years of IT leadership experience. He will be responsible for SharePoint360's IT infrastructure including hosting and data centers as well as managing customer IT support.

"Craig's experience made him a perfect candidate to strengthen our executive team," said Paul West, co-founder and principal of SharePoint360. "Craig's ability to lead by example while driving growth and building a best-in-class technology infrastructure is the exact combination SharePoint360 was looking for. We look forward to Craig leading the IT team with the fresh perspective, specifically allowing his previous successes to build upon the programs we already have in place. Craig leads with a profound knowledge and insight into technical matters."

As president and founder of TotalTech Resource, MacKinder started a high output hosting facility that grew to over 1 billion hits in the month of February alone. While working for Total Tech Resource, MacKinder also held a part time position as chief technology officer at Interpret Communications Inc., where MacKinder led global IT support teams that maintained one of the largest mobile databases of English/Spanish translated words and phrases. Prior to that, he was associate director, IT/IS at [Acadia Pharmaceuticals Inc.](#) and a senior IT manager of support services at [WebSense](#).

"When I first looked into SharePoint360, I immediately saw an opportunity to excel," said MacKinder. "It is an incredible opportunity to work in a company innovating within the SharePoint collaborative space. I look forward to bringing the skills I have acquired through training and experience to SharePoint360 and facilitating our goal of operational excellence as a valued member of this team."

MacKinder's professional credentials include specialty certifications as a Microsoft Certified Systems Engineer (MCSE 2003), a Cisco Certified Network Associate (CCNA) and a Certified I.S. Security Professional (CISSP). He resides in San Diego with his wife and two children.
